

## Star Wars: Legends - Video Games Checklist

Title	Platforms	Timeline <sup>+</sup>	Rerelease <sup>x</sup>	Own	Finished	Versions Owned
-------	-----------	-----------------------	------------------------	-----	----------	----------------

**- Version 8.0-  
March 28th, 2017**

- This information is a collection of all available *Star Wars Legends - Video Games* in the *Star War Legends* universe. This list is only for physical copies of games, for all online games, please see the Digital Collection list. As new video games get released this checklist will be updated, but only for the Legends universe. All Canon video games will be dealt with separately. Also if I missed any older video games they will be added to newer releases of the checklist.

- This checklist is divided into years, with each game released listed under it's respective year.

### <sup>+</sup>Timeline

An "X" indicates that the video game is placed on the timeline.

A "-" indicates that the game is just a compilation of rereleased games and does not include any new games to be added onto the timeline.

A "?" indicates it has not been placed into the timeline yet

### <sup>x</sup>Rerelease

This just means, was the game (or set of games) a rerelease of previously released games. These are typically combined with a "-" in the Timeline column since they would already be marked if they were on the timeline or not.

One notable exception is the *TIE Fighter: Collector's CD-ROM* which contained *TIE Fighter: Enemies of the Empire*, an exclusive to that rerelease.

### Version Edition History

Version 1.0	2008
Version 2.0	2009
Version 3.0	2010
Version 4.0	August 1st, 2011
Version 5.0	October 1st, 2012
Version 6.0	May 1st, 2013
Version 7.0	November 1st, 2014
