- Version 1.0 - December 18th, 2018					
Due to the large scale and complexity of the Lego Star Wars universe, I figured it was time to have my own Lego Star Wars Timeline. Often the Lego products diverge so far from the standard Canon or Legends storylines that they really are their own entity. So, here is a list of all known Lego Star Wars stories. Included are other stories as well if the Lego story represents a retelling of that story, such as the movies or cartoon episodes.
