

Star Wars: Canon - Stories Checklist

**- Version 6.0 -
November 1st, 2023**

As of April 25th, 2014, it was announced that the old Expanded Universe was no longer the official story line of the Star Wars universe. Old EU stories were now to be branded "Legends" and future stories were to become new official "Canon" stories. All stories within this checklist are considered to be official Canon stories. All other stories found within the Legends timeline also available on <http://www.starwarstimelinealmanac.com>

- An "X" indicates that there is no specified date (in the SW timeline) in the story but it is placed in the timeline anyway.
- If there is a date in the column then that is the date specified in the story (and it is placed on the timeline).
- No "X" or date means I have yet to put it in the timeline.
- An "NA" means that it is not meant to be placed in the timeline.
- "BBY" stands for Before the Battle of Yavin (i.e. Episode IV)
